

# End Pieces DATA SHEET ZL-2813 series

## Description

The end pieces are specially designed for water manifold, and integrate automatic exhaust and drainage function.

## Technical Specifications

### Performance

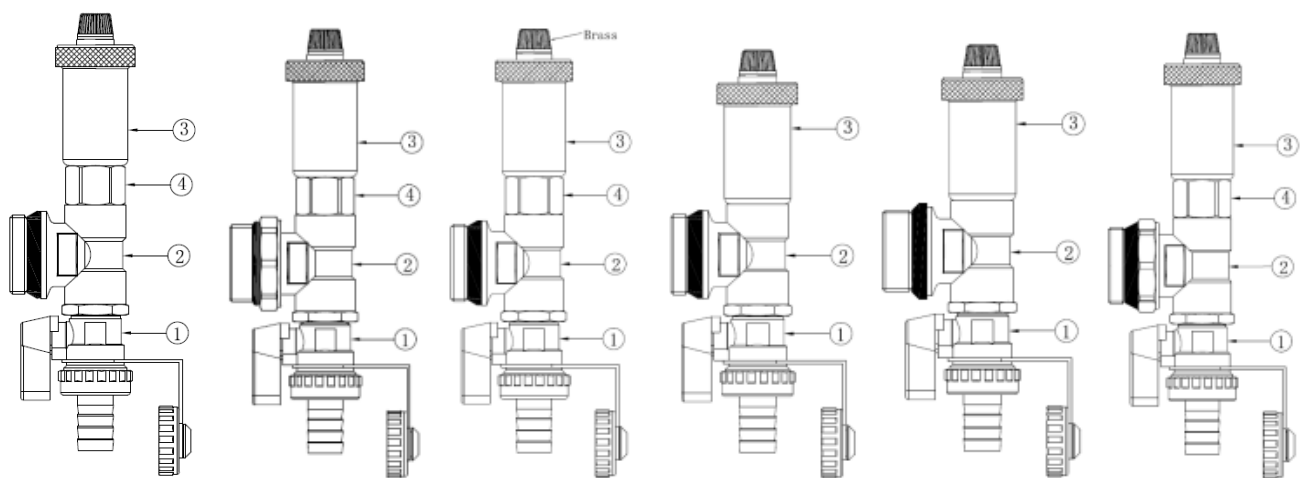

- Applicable medium: Water、 glycol solutions  
Max. percentage of glycol is 30%
- Maximum pressure for air valve: 10bar
- Maximum working temperature: 110°C

### Materials

Valve Body	Brass
Handle	AL
Seals	EPDM

## Characteristic Components

- ①-Drain valve(ZL424712)      ②-Triple-valve body      ③-Air vent      ④-Non-return joint
