

End Pieces
DATA SHEET
ZL-2818 series

Description

The end pieces are specially designed for water manifold, and integrate manual exhaust and drainage function.

Technical Specifications

Performance

- Applicable medium: Water、 glycol solutions
Max. percentage of glycol is 30%
- Maximum pressure for air valve: 10bar
- Maximum working temperature: 110°C

Materials

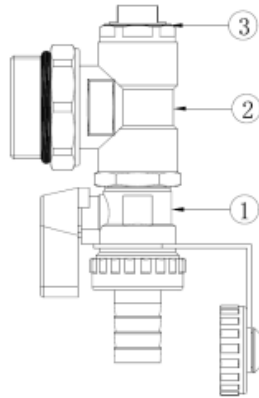

Valve Body	Brass
Handle	AL
Seals	EPDM

Characteristic Components

1-Drain valve (ZL424712)

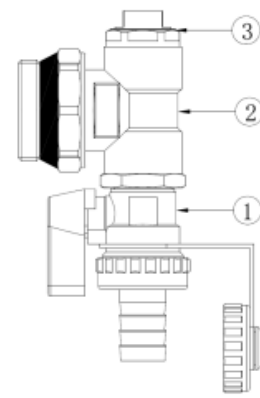

2- Triple-valve body

3- Air vent (ZL990202)
