

**End Pieces**  
**DATA SHEET**  
**ZL-2821 series**

## Description

The end pieces are specially designed for water manifold, and integrate automatic exhaust and drainage function.

## Technical Specifications

### Performance

- Applicable medium: Water、 glycol solutions  
Max. percentage of glycol is 30%
- Maximum pressure for air valve: 10bar
- Maximum working temperature: 110°C

### Materials

Valve Body	Brass
Handle	AL
Seals	EPDM

## Characteristic Components

①-Drain valve

②-Triple-valve body

③-Air vent
