

# End Pieces DATA SHEET ZL-2841 series

## Description

The end pieces are specially designed for water manifold, and integrate drainage, pressure detection and display function.

## Technical Specifications

### Performance

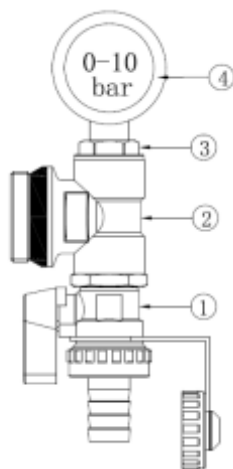

- Applicable medium: Water, glycol solutions  
Max. percentage of glycol is 30%
- Maximum pressure for air valve: 10bar/16bar
- Maximum working temperature: 110°C

### Materials

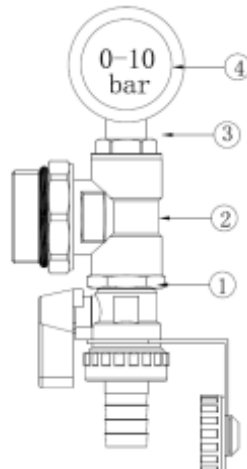

Valve Body	Brass
Handle	AL
Seals	EPDM

## Characteristic Components

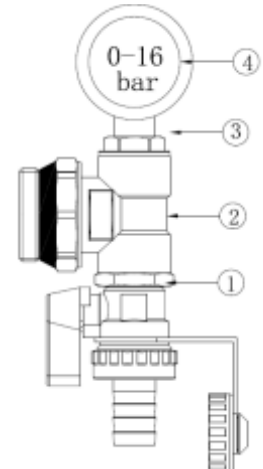

1-Drain valve (ZL424712)    2- Triple-valve body    3- Adaptor    4-Pressure gage
