A 关于 我们 ABOUT US

Company Profile 公司简介

东台市富康机械有限公司为国家级高新技术企业，有着 20 年的液压起重机设计制造技术，公司有专业的设计团队，为客户提供专业的吊装起重及机械手臂解决方案，公司有科研人员 8 名，厂房近 10000 平米，荣获多项国家项专利，设有“高速铁路吊装机械工程技术研究室”，“风电设备吊装机械工程技术研究室”与多家省级院校保持技术合作关系，公司奉行“诚信为首，质量争优，客户至上的企业宗旨。主营产品：船用起重机，随车起重机，拖拉机吊装打孔一体机，履带起重机及各类定制化需求起重机械手臂。

Dongtai Fukang Machinery Co., Ltd. is a national high-tech enterprise, with 20 years of hydraulic crane design and manufacturing technology, the company has a professional design team, to provide customers with professional lifting and mechanical arm solutions, the company has 8 scientific researchers, the plant is nearly 10,000 square meters, won a number of national patents, With the "high-speed railway hoisting mechanical engineering technology research office", "wind power equipment hoisting mechanical engineering technology Research office" and a number of provincial colleges and universities to maintain technical cooperation, the company adheres to the "integrity first, quality, customer first enterprise purpose. Main products: Marine crane, truck crane, tractor lifting and punching machine, crawler crane and all kinds of customized demand lifting mechanical arm.

Corporate Culture 企业文化

FUKANG MACHINERY CO., LTD

经营理念：

一切为了客户，一切源于创新

企业精神：

自强不息，产业报国

核心价值观：

先做人，后做事

BUSINESS PHILOSOPHY:

Everything for the customer, everything from innovation

ENTERPRISE SPIRIT:

Self-improvement, industry to serve the country

CORE VALUES:

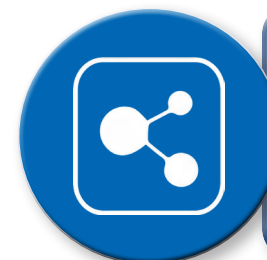

Be a man before you do anything

After-Sales Service 售后服务

质保 Quality Guarantee

我们提供一年期的质保
We offer a one-year warranty

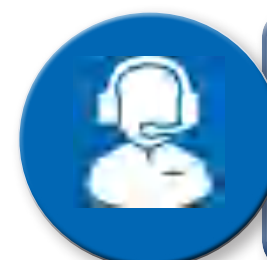

配件 Attachment

我们将为客户提供最优质的原装配件，我们保证您的要求将得到迅速和适当的回应及处理。
We will provide customers with the best quality original parts, We guarantee that your request will be promptly and appropriately responded to and dealt with.

维护 Maintenance

我们线上或随产品提供维护知识和手册，当您需要维护产品时，我们也可以和您进行视频技术支持。
We provide maintenance knowledge and manuals online or with the product, and we can also provide video technical support with you when you need to maintain the product.

咨询 Consult

我们将以任何您方便的方式向您提供技术解决方案和产品建议与介绍。
We will provide you with technical solutions and product recommendations and introductions in any way that is convenient for you.

专注于为客户定制提供吊装起重
及机械手臂产品解决方案
Focus on providing customized lifting and mechanical
arm product solutions for customers

B | Technical Force 技术力量

为切实保证设备出厂质量，从进厂零配件到整机均需严格测试合格。我司拥有各类检测设备、配套数控设备、生产设备百余套。主要检测设备有X射片探伤，超声波无损探伤；配套设备有台湾油力多路阀，徐工品牌配套泵；生产设备有数探切割机、数探折弯机，吊臂成型机；焊接机器人等。

In order to effectively ensure the quality of the equipment leaving the factory, from the incoming parts to the whole machine need to be strictly tested and qualified, our company has all kinds of testing equipment, supporting CNC equipment, production equipment more than 100 sets. The main testing equipment includes X-ray film inspection, ultrasonic non-destructive inspection; Supporting equipment has Taiwan oil power multi-way valve, XuGong brand supporting pump; Production equipment has several probe cutting machines, digital probe bending machines, boom forming machines; Welding robots, etc.

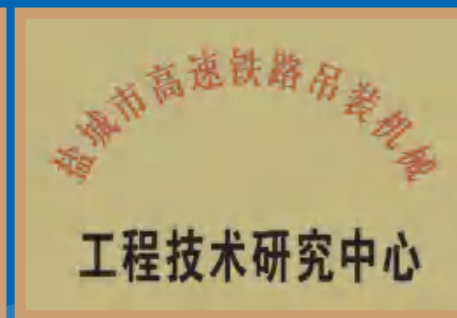

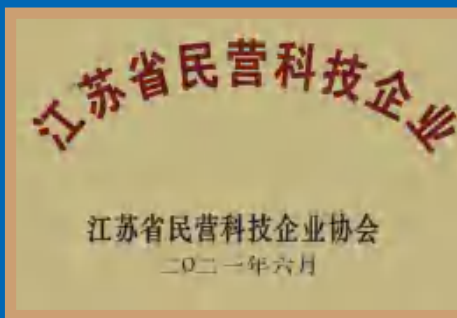

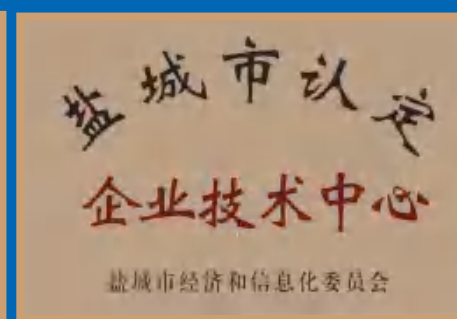

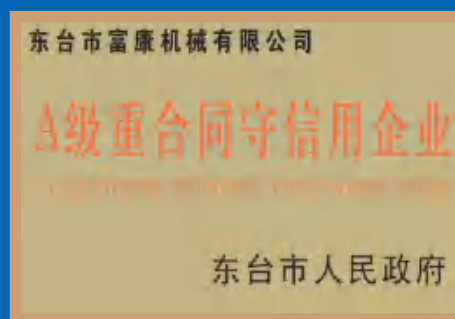

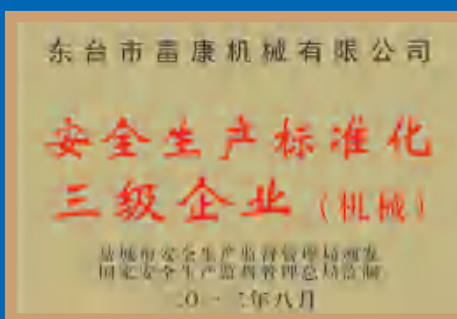

专注于为客户定制提供吊装起重及机械手臂产品解决方案
Focus on providing customized lifting and mechanical arm product solutions for customers

Product Patent 产品专利

专注于为客户定制提供吊装起重

E | Cooperative Brand Enterprises 合作的品牌企业

为保证产品质量，与国内外多家知名品牌企业知名大型厂家建立有长期的良好的合作关系，在行业里逐渐建立起了良好的信誉，同时我们恪守质量强企，服务兴业的企业理念，以诚信务实为经营之本，以优质的产品和服务来满足广大客户的需求。

In order to ensure product quality, we have established a long-term good cooperative relationship with many well-known brand enterprises and large manufacturers at home and abroad, and gradually established a good reputation in the industry. At the same time, we abide by the corporate philosophy of strong quality enterprises and service society General. We operate with integrity and pragmatism, and meet the needs of our customers with high-quality products and technical quality services.

F Main Product Introduction

主要产品介绍

船用起重机 Marine Crane

我公司生产船用伸缩臂起重机、折臂式船用起重机、克令吊、渔船用起重机，可专业为客户订制各类型的船用起重机，具有海事和中国渔检认可证书。起重吨位0.5-50吨。可根据客户具体要求进行定制化设计和生产。

Our company produces telescopic crane, folding crane, crane, fishing boat crane, can be professionally customized for customers all types of Marine crane, with maritime and China fishing inspection certification. Lifting tonnage 0.5-50 tons. Customized design and production can be carried out according to customers' specific requirements.

40吨伸缩臂式起重机 (Technical Parameters of 40T Telescopic Crane)			
适用场景 (Applicable Site)	工程船、交通船、货船、渔船 (Engineering Ship, Transport Ship, Cargo Ship, Fishing Boat)	最大起升高度 (Max. Lifting Height)	16.5m
最大工作范围 (Max. Working Range)	18.13m	最小工作幅度 (Min. Working Amplitude)	—
臂架材料 (Boom Material)	高强度合金钢 (High-strength Alloy Steel)	额定功率 (Rated Power)	15.2kW
臂架节数 (Number of Boom Segments)	3节 (3-segment)	最大起重量 (Max. Lifting Load)	40T
吊钩至底座 (Hook Height)	28.22m	吊钩重量 (Hook Weight)	0.5T
吊钩 (Hook)	CBF-50T-01-01		
吊钩尺寸 (Hook Size)	4000x4000x300x250x180x200(mm)		
吊钩可定制，可提供产品证书。(The crane can be customized and provided with a marine product certificate.)			

8吨折臂式船用起重机 (Technical Parameters of 8T Folding Crane)			
适用场景 (Applicable Scenario)	海洋平台 (Offshore Platform)	最大起升高度 (Max. Lifting Height)	28.0m
最大工作范围 (Max. Working Range)	25.0m	最小工作幅度 (Min. Working Amplitude)	3.0m
吊钩配置 (Hook Configuration)	W25	动力配置 (Dynamic Configuration)	95kW
吊钩 (Hook)	SCY-01		
吊钩尺寸 (Hook Size)	4000x1500x230(mm)		
吊钩可定制，可提供产品证书。(The crane can be customized and provided with a marine product certificate.)			

20吨折臂式船用起重机 (20T Folding Crane)			
适用场景 (Applicable Site)	工程船、交通船、货船 (Engineering Ship, Transport Ship, Cargo Ship)	最大起升高度 (Max. Lifting Height)	18.0m
最大工作范围 (Max. Working Range)	15.0m	最小工作幅度 (Min. Working Amplitude)	3.0m
吊钩配置 (Hook Configuration)	W15	动力配置 (Dynamic Configuration)	77.60kW
吊钩 (Hook)	CBF-50/SCY-40		
吊钩尺寸 (Hook Size)	15000x1800x1000(mm)		
吊钩可定制，可提供产品证书。(The crane can be customized and provided with a marine product certificate.)

Focus on providing customized lifting and mechanical
arm product solutions for customers

高空作业车 Hydraulic Aerial Cage

我公司的高空作业车集安全、高效、智能于一体，各项性能均优于同行业其他厂家产品。主要用于电力（变压器、线缆）、市政交通（路灯、桥梁、交通信号灯）、抽油机、广告、清洁、园林绿化等多个行业多个应用场景。

Our company's aerial work car set safe, efficient, intelligent integration, the performance are better than other manufacturers in the same industry products. Mainly used in power (transformers, cables), municipal traffic (street lights, Bridges, traffic lights), pumping units, advertising, cleaning, landscaping and other industries and multiple application scenarios.

arm product solutions for customers

F Main product introduction 主要产品介绍

液压起重类机械手臂 Hydraulic Lifting Arm

我公司为了解决风力发电机后期运维的难题和沈阳工业大学合作，研发了风力发电机内置吊机，当风力发电机发生故障时，用内置吊机可以方便快捷的吊换部件，无需大型起重机进场，极大减少了运维费用。为了解决海上风电施工的吊装难题，研发成功适用于海上风电施工平台专用吊机，吊机直接安装在风力发电机箱套上，彻底解决了海上施工浪涌影响吊装安全的问题。提高了施工进度。和高铁部门合作研发了铁路轨道焊轨专用吊机，适用于轨道焊机的吊装。

In order to solve the problem of wind turbine operation and maintenance in the later stage, our company cooperated with Shenyang University of Technology to develop the built-in crane of wind turbine. When the wind turbine fails, the built-in crane can be used to easily and quickly lift and replace the parts without the need for large cranes, which greatly reduces the operation and maintenance costs. In order to solve the hoisting problems of offshore wind power construction, the special crane for offshore wind power construction platform was successfully developed. The crane was directly installed on the wind power case sleeve, which completely solved the problem that the surge of offshore construction affected the hoisting safety. The construction progress has been improved. In cooperation with the high-speed railway department, we developed a special railway welding crane for railway track, which is suitable for the lifting of railway welding machine.

随车起重机 Truck Crane

我们直臂吊吊载载荷覆盖 3.2 吨到 200 吨，折臂吊从 5 吨到 30 吨应有尽有。富康随车吊拥有产品专利证书，获得 IOS 9001 证书。我们使用品牌液压泵，液压马达和卷扬机来确保我们的随车吊更加的高效和强劲。同时使用精选的油缸，钢板以及回转支撑使得我们的随车吊更稳固更耐用。正因为选用各种优质的部件使得我们的吊车能够为你节省更多的成本和赚取更多的钱。

Our straight-arm lifts cover loads from 3.2 tons to 200 tons, and our collapsible lifts range from 5 tons to 30 tons. Fukang truck crane has a product patent certificate and obtained the IOS 9001 certificate. We use branded hydraulic pumps, hydraulic motors and winches to ensure that our on-board cranes are more efficient and powerful. The use of selected cylinders, steel plates and rotary supports makes our crane more stable and durable. Because of the selection of a variety of high-quality components, our crane can save more costs and earn more money for you.
