Company Profile

公司简介

欢迎来到FUKNOB。

自成立以来，FUKNOB始终致力于船用起重机的研发、制造与生产，为全球海事作业提供高效、可靠且安全的吊装解决方案。我们的产品广泛应用于各类船舶及海洋作业平台，包括货轮、油轮、集装箱船以及各种海上作业平台。

在技术创新与产品质量方面，FUKNOB始终保持着行业领先地位。我们的船用起重机不仅在技术性能上表现卓越，更具备出色的灵活性与适应性，能够满足不同客户的多样化需求。同时，我们注重产品质量把控与耐久性测试，确保产品在各类恶劣海洋环境中稳定运行。

FUKNOB持有ISO9001、ISO4001、ISO45001体系认证，以及CCS、BV、KR、NK、ABS等多个船级社的检测证书。这些认证不仅体现了我们在质量管理、环境保护、职业健康安全及船舶标准方面的专业性与可靠性，更为我们赢得了全球客户的信赖与赞誉。

除了提供优质产品，FUKNOB致力于为客户提供全方位的服务支持。我们的专业团队会根据客户的实际需求与工况定制解决方案，并提供安装、调试、培训及售后维护等一站式服务。我们始终以客户为中心，努力提升服务质量与客户满意度。

凭借卓越的产品品质与专业服务，FUKNOB的船用起重机在全球范围内树立了良好的品牌形象。未来，我们将继续秉持创新、品质与服务理念，不断提升产品的技术水平与市场竞争力，为全球海事作业提供更优质的吊装解决方案。

Welcome to FUKNOB.

Since its establishment, FUKNOB has been dedicated to the research, development, manufacturing, and production of marine cranes, delivering efficient, reliable, and safe lifting solutions for global maritime operations. Our products are widely utilized across various vessels and offshore platforms, including workboats, cargo ships, oil tankers, container ships, and diverse offshore operating platforms.

In terms of technological innovation and product quality, FUKNOB consistently maintains an industry-leading position. Our marine cranes not only excel in technical performance but also demonstrate outstanding flexibility and adaptability, meeting the diverse needs of different clients. Furthermore, we emphasize stringent quality control and durability testing to ensure stable operation in all kinds of harsh marine environments.

FUKNOB holds ISO9001, ISO14001, and ISO45001 management system certifications, along with survey certificates from multiple classification societies such as CCS, BV, KR, NK, and ABS. These certifications not only reflect our professionalism and reliability in quality management, environmental protection, occupational health and safety, as well as marine standards, but have also earned us the trust and acclaim of customers worldwide.

Beyond providing high-quality products, FUKNOB is committed to offering comprehensive service support to our clients. Our professional team customizes solutions based on customers' actual needs and operational conditions, delivering one-stop services including installation, commissioning, training, and after-sales maintenance. We always put customers at the center and strive to enhance service quality and customer satisfaction.

Thanks to exceptional product quality and professional services, FUKNOB's marine cranes have built a strong brand reputation globally. Moving forward, we will continue to uphold the philosophy of innovation, quality, and service, continuously improving the technological level and market competitiveness of our products to provide even better lifting solutions for worldwide maritime operations.

Business Qualification

企业资质

营业执照
Business License

高企证书
High-tech Enterprise Certificate

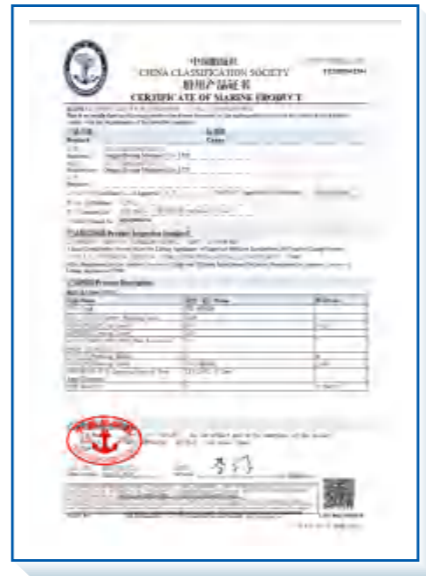

质量体系认证，环境管理体系认证，职业健康安全管理体系认证
FUKNOB. holds ISO9001, ISO4001, ISO45001 system certifications

富康公司产品获得BV,CCS,NK,KR,LR,ABS等各大船级社认证以及国内交通海事部门认证。

FUKNOB company's products have obtained certifications from major classification societies such as BV, CCS, NK, KR, LR, ABS.

生产设备

Corporate Product (Crane)

企业产品(起重机)

直臂伸缩臂起重机 STRAIGHT-ARM TELESCOPIC CRANE

追求最大作业半径与吊高能力的标准吊装首选。多节箱型伸缩臂可大幅延伸，提供无与伦比的工作半径和高度，是开阔甲板效率之王。我们提供从设计到认证的全套重型解决方案，确保您在深远海的核心作业能力。

Telescopic Boom Crane The preferred choice for standard lifting tasks that require maximum working radius and lifting height. With its multi-section box-type telescopic boom capable of significant extension, it delivers unparalleled working radius and height, making it the king of efficiency on open decks. We provide comprehensive heavy-duty solutions, from design to certification, ensuring your core operational capabilities in deep-sea and remote waters.

折臂式起重机 KNUCKLE BOOM CRANE

“空间利用的艺术大师”在有限甲板空间内实现高效、灵活作业的中坚力量。极致紧凑：独特的铰接折叠设计，使起重机在非工作状态下可完全收拢，极大节省了宝贵的甲板空间和库存占地面积。为您在寸土寸金的船体上，创造最大的可用作业空间和吊装灵活性。

"The Artisan of Space Utilization" A core solution for achieving efficient and flexible operations within limited deck space. Ultra-compact design: The unique articulated folding mechanism allows the crane to be fully retracted when not in operation, significantly saving valuable deck space and storage area. We are committed to maximizing your vessel's available operational space and lifting flexibility, where every inch of space counts.

单臂起重机

STIFF BOOM CRANE

“经济可靠的作业伙伴”，最常用的船用甲板起重机，满足基本吊装需求、注重成本效益的经典实用之选。

坚固耐用：设计简约意味着更高的可靠性和更低的故障率，维护保养简单快捷。**安装便捷：**对甲板基础要求相对灵活，易于集成到各类船型设计中。富康公司公司提供高性价比、经久耐用的产品，保障您日常作业的稳定与顺畅。

"An Economical and Reliable Work Partner" As the most commonly used marine deck crane, it is a classic and practical choice that meets basic lifting needs while emphasizing cost-effectiveness.

Durable and Robust: Its simple design ensures higher reliability and lower failure rates, with maintenance being straightforward and efficient. **Easy Installation:** It offers flexible requirements for deck foundations and can be seamlessly integrated into various vessel designs. FUKNOB provides high-cost-performance, long-lasting products to ensure the stability and smoothness of your daily operations.

Quality Assurance

质量保障

我们交付的不仅仅是起重机，更是一份沉甸甸的责任与保障。FUKNOB的质量保证体系，以全球认证为基石，以精密制造为筋骨，以严苛测试为准绳，以终身服务为后盾。选择FUKNOB，就是选择了在每一次关键吊装背后的绝对可靠与安心。

让我们用无可挑剔的质量，成为您最值得信赖的海上装备伙伴。

What we deliver is not just a crane, but a weighty responsibility and a commitment to safety. The FUKNOB quality assurance system is built on the cornerstone of global certifications, fortified by precision manufacturing, guided by rigorous testing, and supported by lifetime service. Choosing FUKNOB means choosing absolute reliability and peace of mind behind every critical lift.

Let us become your most trusted partner in maritime equipment with impeccable quality.
