WARM STABLE SOLUTION 我是谁？

每个设计师和灯具设计的关系，都有着不同的层面和深度，但最后总要回归初心：不因为走得太远，而忘了为什么出发。从‘空间易想’到‘于舍’，一个是而立之年的蓬勃憧憬，一个是年至不惑的温稳和解，不管哪个阶段似乎都绕不开对‘我是谁？’的求索。

The relationship between each designer and luminaire design has different levels and depths, but in the end it always has to return to the beginning: not because it is too far away, but forget why. From 'space is easy to think' to 'together', one is the flourishing year of the year, the other is the gentle and harmonious solution of the year to the end, no matter which stage seems to be unable to circumvent the 'I am who?' The search for.
