INTRODUCTION

Hisan develops a comprehensive range of welding consumables to meet the specific demand of different applications. They are used for hardfacing, overlay welding, maintenance, rebuilding, repair, etc. to protect high wear parts, extend product service life, reduce downtime and production costs.

Sugar Industry: Cane Crushing Rolls (Mill Rolls), Press Screws / Dehydration Screws, Shredder Hammers and Grates, Chain Conveyors, Scraper Blades , Mixers, Augers, Chutes, Liners, Bins, etc.

ELEMENT

Dia	1.2 / 1.6 mm	2.4 / 2.8 / 3.2 mm	2.4 / 2.8 / 3.2 / 4.0 mm
Packing	15kgs / Spool	25 or 50kgs / Coil	150~250 kgs / Drum

Applications of high-durability wear plate welding wire

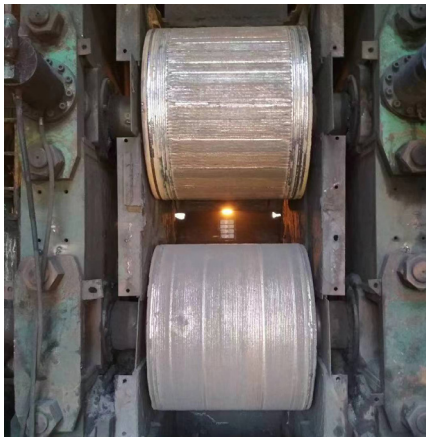
No.3, XinGang Wuhao Road, JinNan District,TianJin,China

Applications of industrial roller and table rebuilding welding wire

Cement Roller Press Cement Vertical Mill



Applications of gas shielded flux cored welding wire

Cutting head, Loader Apron, Star Wheel, Scraper Conveyor in Coal Industry

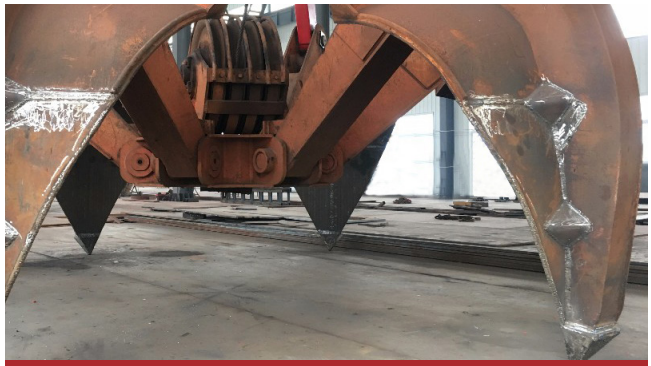
HISAN

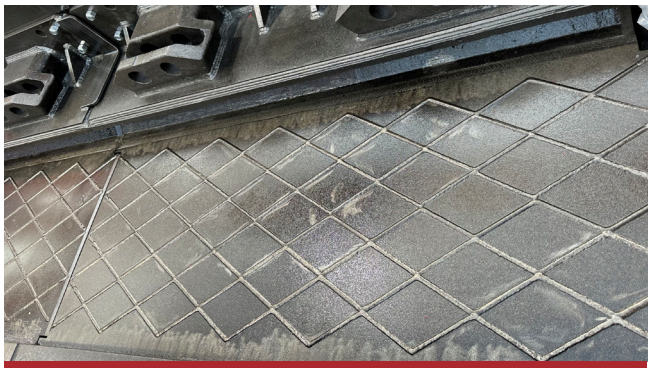
APPLICATIONS OF HISAN'S WELDING WIRE

Screw Conveyor / Steel Industry

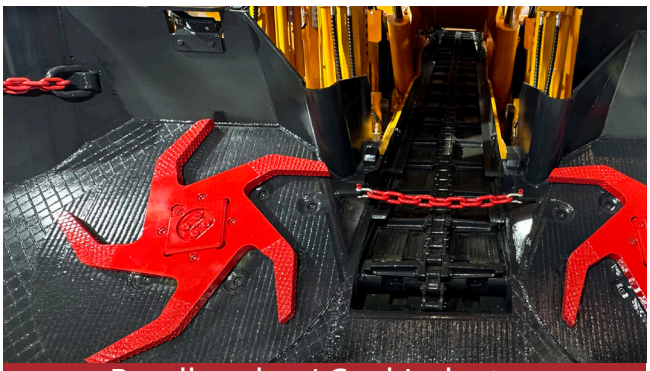


Grab bucket / Sugar Industry

Crushing Rolls / Sugar Industry

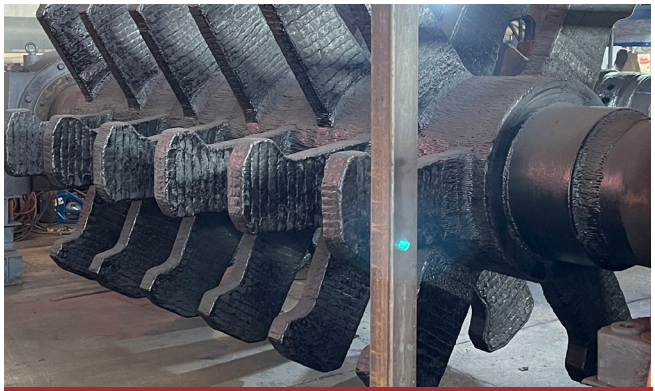


Cross Pattern Scraper / Coal Industry



Roadheader / Coal Industry

Scraper Conveyor / Coal Industry



Single Tooth Roller / Steel Industry

Conveying Pipes / Bulk Material Handling
