JIANGSU TRAUHUI MEDICAL INSTRUMENT CO.,LTD.

TRAUHUI

COMPANY PROFILE

Trauhui was founded in 2009, the headquarters is located in Changzhou, Jiangsu Province --- "hometown of Chinese orthopaedics". Since 2013 company adjusted the strategic direction, committed to the development and manufacture of orthopedic medical device products. With rapid development of China and the world orthopaedic industry, company has been developing rapidly, gradually formed and perfected trauma and spine product line development, production and sales and after-sales service.

Company adhere to the internationalization strategy, committed to making a foothold in China, an international multinational group. Under the guidance of the strategy, in 2017, company successfully acquired a Hong Kong company, and a professional orthopedic factory in Hungary and moved company headquarters to national wujin high-tech zone. Currently Trauhui group has total investment capital of 200 million RMB.

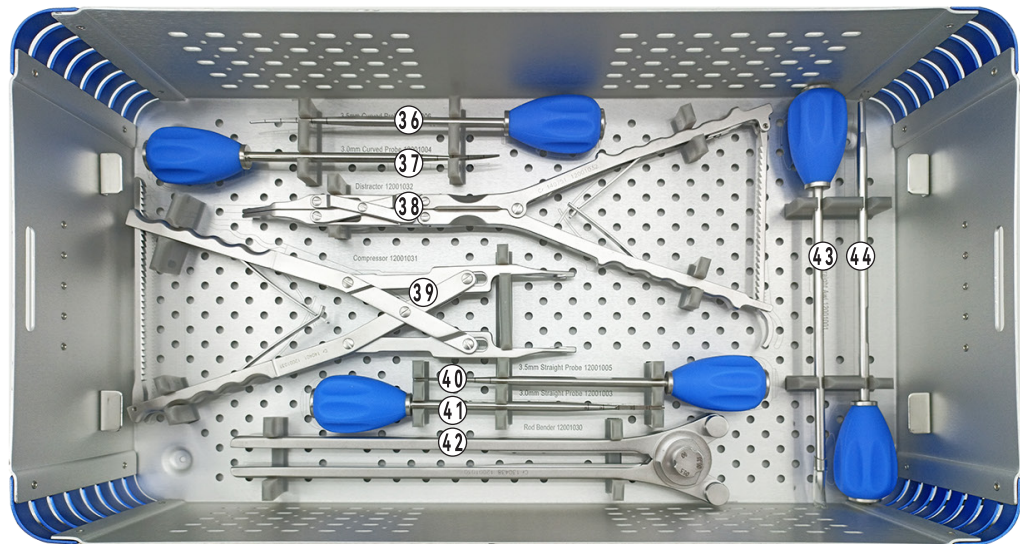

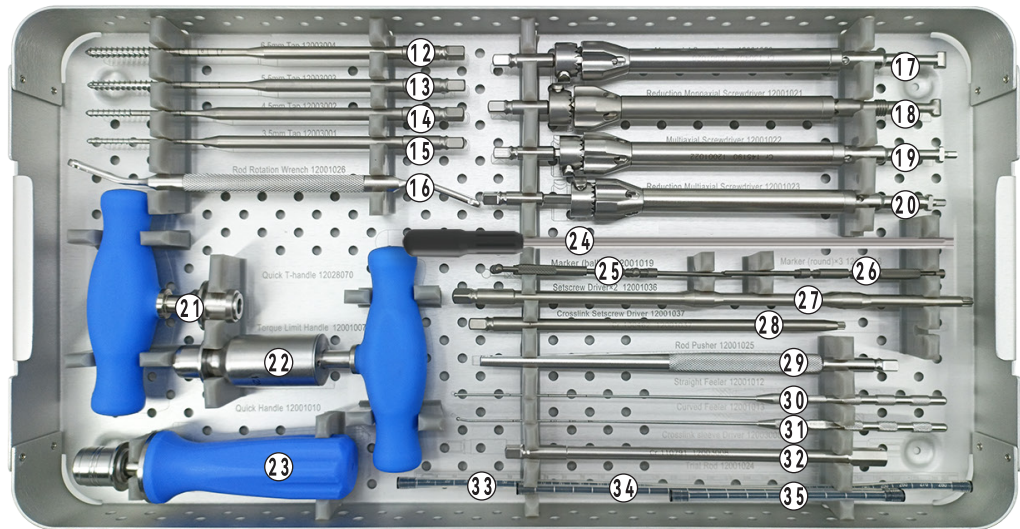

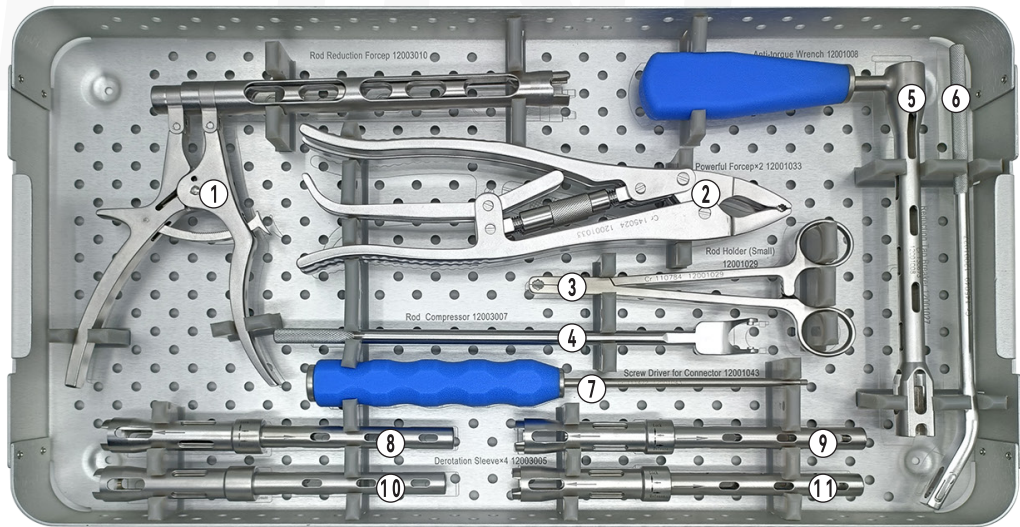

Having been established, guided by the demands of customers in China and outside China, based on high-tech innovation, company formed a professional orthopedic R&D team was built up in 2013. Now the team has grown to more than 40 people and most of the people with a bachelor degree or a master's degree. At the same time company increase investment in research and development and set up the specialized orthopedic experiment center, professional dynamic, static mechanics experiment equipment, materials testing equipment and 3 d printing devices. By the team of research and development, the company has won more than 44 kinds of invention and utility model patents. At present, company products have been sold to Europe, South America, southeast Asia, central Asia and other regions, highly praised by orthopedic professionals in those regions.
