

Hotel & Home art switch

《Product brochure》

LamnBro Electric

Lamnbro Electric

The ideal of Lamnbro was born when two young entrepreneurs met each other for a very special opportunity. Andy is then a salesman with more than 10 years experience in the industry, was helping his client to find a qualified switch supplier and explored Nick's products and factory accidentally. After having learnt each other for a while, they both felt that it's a regret not to know each other sooner for their so similar business philosophy----- " help first". So the very initial ideal of cooperation was emerged and then Lamnbro was officially established shortly thereafter. They want to use their extended experience in the switch&socket industry to help the small and new startup businesses who are struggling to find a qualified OEM manufacturer due to the small purchasing volume. Now Lamnbro is ready to help them to achieve their goals.

For a long time, Chinese suppliers get used to produce OEM products in big volume with large scale advantage and low labour cost to keep low price, and ignore the design,quality and innovation. However Lamnbro is striving to become a new OEM supplier who are more focusing on design,quality and innovation to increase the added value of product other than low price. Meanwhile, the world has been rapidly changing in the internet age, people demand more and more customized products than universal products. Lamnbro is born under this background,to provide quality customization service in switch&socket industry,to help the small business,to help the customers. This is why Lamnbro is born and what Lamnbro believe in-----help first.

Carrying this original intention, Lamnbro promises to take " elegance,safety and usability" as their product standard and make a small switch&socket not only a electrical device, but also a elegant artwork,a safe guard and a life helper.

Thin design

To thin place is only 3.9 mm

V7
series

Multicolor optional

PC material of metal,

curved frame, smooth texture Repeated polishing from modeling design to material selection Painting
+ outer protection, enhance surface hardness, smoothness and wear resistance we focus on creating
a beautiful life for you.

Series: TS-118

Product color: white, black, walnut/customized

Panel material: PC

Input voltage: 220V

Rated current: 16A

Product size: 118*75mm

Quality assurance: 30 years

MOQ: 20000PCS

Socket standards: Italy/Egypt

Model 86 antique ground socket

Product model: CX-86D
Product name: 86 antique socket
Product color: copper wire drawing/aluminum alloy
Material: H62 brass/aluminum
Rated current: 10A/250V
The outer diameter: 120MM
size of hole: 110MM
Bottom box height: 50MM

Patent no. :ZL201730088140.3

Insert in spiral

Product model: CX-126

Product name: Insert spiral style

Product color: stainless steel wiredrawing

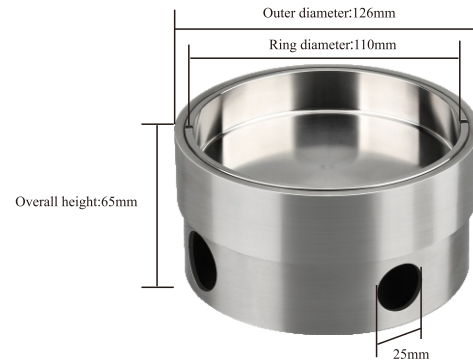

Material: 304 stainless steel

Rated current: 10A/250V

Outer diameter: 126MM

Floor tile hole diameter: 126mm-130mm

overall height: 65MM

Embedded insert

Product model: CX-110

Product name: Embedded insert

Product color: stainless steel wiredrawing

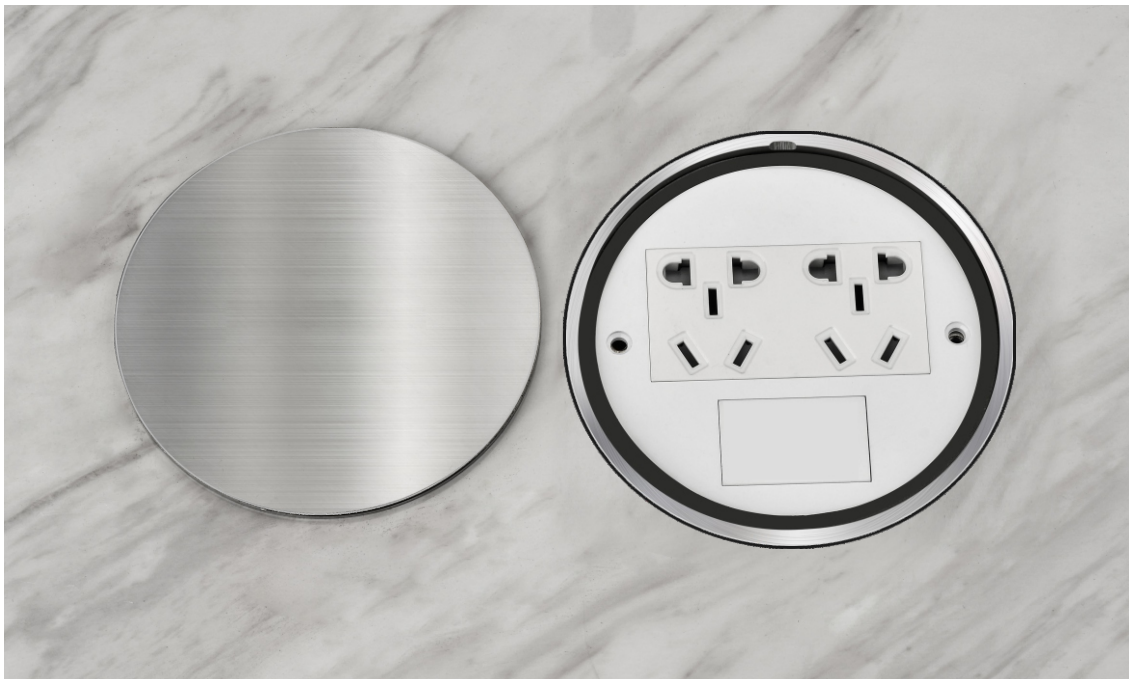

Material: 304 stainless steel

Rated current: 10A/250V

Diameter of outer ring: 110MM

Opening diameter of floor tile: 110

overall height: 53MM

Patent no. :ZL201730564610.98
