Type Test Certificate for Special Equipment (Lifts)

Certificate Number: TSX B32002220200036

Applicant : Suzhou Inovance Technology Co., Ltd.

Registered address : No.16, Youxiang Road, Yuexi Town, Wuzhong District, Suzhou
of applicant 215104, P.R.China

Manufacturer : Suzhou Inovance Technology Co., Ltd.

Manufacturing : No.16, Youxiang Road, Yuexi Town, Wuzhong District, Suzhou
address 215104, P.R.China

Classification : Lift main component

Varieties : Control cabinet

Product name : Traction drive lift control cabinet

Product model : NICE3000-W

Type test report
number : ETC20B320036、ETC22B320YZ051

Through the type test, the sample lift (the sample) meets the requirements of the Regulation for Type Test of Lifts (TSG T7007-2016), GB 7588-2003 + XG1-2015 and EN 81-1:1998 + A3:2009.

Product models covered by this certificate: NICE3000-W、NICE3000-B

For product parameters and configuration covered by this certificate, see the attached table.

(Stamp)

Date of issue : 2020-07-15

Replacement date : 2022-06-13

Expiry date : 2024-07-15

Shanghai Jiao Tong University Elevator Test Center

Note:1. The applicant is responsible for confirming that the products comply with the regulation and related standard specifications and are in accordance with the sample for type test.

2. The certificate is valid before the expiry date.

3. Period of validity of the certificate is always calculated from the date of issue even if the certificate is modified per request.

Attached Table:**Product Parameters and Configuration Table**

Rated speed of applied vertical lift		$\leq 4.0\text{m/s}$	Rated power of applied traction machine	$\leq 55\text{ kW}$
Type of timing		VVVF	Control method	Collective
Placed Position		Outside well	Applicative environment	Normal indoor
Type of controller		Computer	Model of controller	MCTC-MCB-C2 or MCTC-MCB-C3
Manufacturer of controller		Suzhou Inovance Technology Co., Ltd.	Ex type	/
Ex degree		/	Full load working pressure of applied hydraulic power station	/MPa
Model of speed regulator		NICE-L-C series	Manufacturer of speed regulator	Suzhou Inovance Technology Co., Ltd.
Applied lift varieties		Traction drive passenger lift, traction drive goods lift	Devices for emergency and dynamic tests	Can be set
Split type energy feedback device		Can be set	Model of automatic rescue device	Can be set MCTC-ARD-C
Control of levelling and re-levelling with doors open		Can be set	Monitoring the normal slowdown of the machine in case of reduced buffer stroke	/
PESSRAL	Model	Can be set MCTC-SCB-A4 or MCTC-SCB-A5 or MCTC-SCB-D4 or MCTC-SCB-D5	Manufacturer	Suzhou Inovance Technology Co., Ltd.
	Functions	Detection of unintended car movement with open doors (SIL2) and (or) check on levelling, re-levelling and preliminary operations (SIL2)		

Notes of attached table:

Whenever any parameter or configuration listed in the attached table varies, this certificate is void and the type test must be redone again accordingly.
