

 **EZ shine**
Diamond Clean Solution

WHO IS EZSHINE

EZshine originates from Ashine. EZshine focuses on floor cleaning and maintenance market now.

Established in 1993, Ashine is committed to diamond grinding & polishing technology. Collaborated with Sichuan University, Xiamen University, Central South University and Huaqiao University, Ashine R&D team have gotten 69 patents, including 43 certificates of registration issued by EUIPO.

In 2006, Diamond particles were placed for the first time on non-woven floor pads to be used on concrete dry polishing. In 2008, the diamond impregnated floor pads were invented for dry burnishing concrete floor.

In order to meet the need for saving labor on floor cleaning and maintenance, a special diamond pads were invented with Tough-Flex Polycrystal diamond technology in 2009. This technology provides much higher efficiency for light restoration, heavy-duty stripping, deep cleaning and polishing.

After 10 years continuous testing on so many different floors, EZshine was created in 2018 to provide a chemical-free diamond clean solution to help the customers to achieve a clean and shine floor with water only.

EZshine Mission

Committed to efficient and sustainable development of the floor cleaning industry by diamond technology.

EZshine Vision

Lead the development of diamond cleaning technology, to become a renowned brand in the floor maintenance industry.

WHY EZSHINE

1) Build Long-term Partnership:

Provide total solutions for different kinds of floors;
Enhance your strengths in the market competition.

2) Innovative R&D:

Save your labor by EZshine Tough-Flex
Polycrystal diamond Technology.

3) Well-trained QC Team:

Guarantee consistent quality.

4) Committed To Diamond Pads:

For floor cleaning and maintenance.

Application: Daily Cleaning, Polishing

SPECIFICATION

Shape	Round / Sheet	All Shapes Available
Round Size	5" /125mm - 27" /685mm	All Sizes Available
Sheet Size	500*350mm - 2280*1420mm	All Sizes Available

EZSTRIP PAD

A chemical-free labor saving pad for your PVC, VCT, Linoleum, concrete, terrazzo and tile floors.

Containing extreme coarse polycrystal abrasives particles, it enables to do heavy stripping works, removing old PU coating, deep scratches and hard stains.

EZstrip Pad - EZshine XXRed 0#

Item No.: ESR*S3 (*=DIAMETER SIZE)

Application: Heavy-duty Stripping, Deep Cleaning

SPECIFICATION

Shape	Round / Sheet	All Shapes Available
Round Size	5" /125mm - 27" /685mm	All Sizes Available
Sheet Size	500*350mm - 700*350mm	All Sizes Available

CLEAN & SHINE PAD

Looking for a chemical-free solution to clean, maintain or burnish your PVC, VCT, Linoleum floors?

EZshine Clean & Shine Pad can flexibly help you deliver a good gloss by daily or periodically maintenance.

Clean & Shine Pad - EZshine Purple 5#

Item No.: ESR*S8 (*=DIAMETER SIZE)

Application: Daily Cleaning, Burnishing

SPECIFICATION

Shape	Round / Sheet	All Shapes Available
Round Size	5" /125mm - 27" /685mm	All Sizes Available
Sheet Size	500*350mm - 700*350mm	All Sizes Available

3 IN 1 PAD

With extremely fine super abrasive grits, it's formulated as a cleaning, polishing or burnishing pad.

You can clean and shine the coated floors and uncoated floors very well.

Wet polishing with a low-speed floor care machine or dry burnishing with a high-speed burnisher are both recommended.

3 In 1 Pad - EZshine Grey 6#

Item No.: ESR*S9 (*=DIAMETER SIZE)

Application: Daily Cleaning, Polishing, Burnishing

SPECIFICATION

Shape	Round / Sheet	All Shapes Available
Round Size	5" /125mm - 27" /685mm	All Sizes Available
Sheet Size	550*350mm - 700*350mm	All Sizes Available

MIRROR SHINE PAD

It improves gloss about 10-25 degrees after Mshine marble pad 3000#, giving stone floor a mirror shine finish. Meanwhile, it reduces swirls much that left by resin pads. It's a must-have item if you require for a supreme quality finish on stone surface.

Mirror Shine Pad - EZshine Sapphire 7#

Item No.: EGR*S9 (*=DIAMETER SIZE)

Application: Polishing, Burnishing

SPECIFICATION

Shape	Round / Sheet	All Shapes Available
Round Size	5" /125mm - 27" /685mm	All Sizes Available
Sheet Size	550*350mm - 700*350mm	All Sizes Available
