

EZshine Green #4

Green #4 is one of the most popular EZshine diamond pads for daily floor maintenance and high-gloss polishing. It can be used for wet cleaning with auto-scrubbers, single-disc machines, orbital floor machines and dry burnishing with high-speed burnishers.

With a long service life and excellent polishing performance, Green #4 helps maintain floor cleanliness, gloss and clarity.

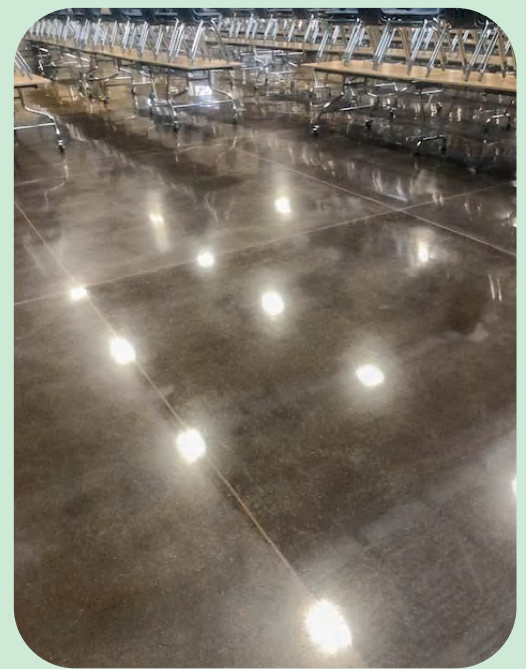

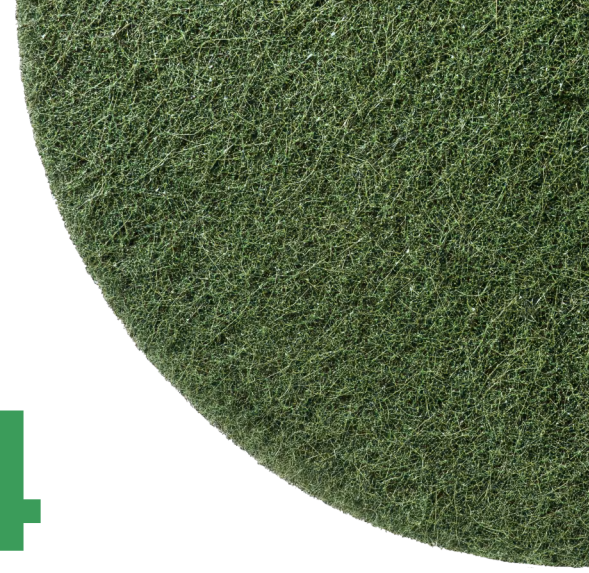

In the EZshine Standard Kit, Red and White pads are used for restoration and surface refinement, while Yellow and Green pads are designed for daily maintenance and gloss enhancement.

Green #4 is an ideal choice for routine maintenance on suitable terrazzo, polished concrete, stone and resilient floor surfaces.

When cleaning daily with EZshine Green #4 you will experience

- Available for all types of floors.
- Natural hair and fiber in our pads comes from 100% post-consumer and industrial recycled waste material.
- Chemical-Free. Clean with water only.

EZshine Green #4

Diamond Pad

Product Specifications

Description

EZshine Green #4 is a diamond-impregnated floor pad used for polishing, daily cleaning, and burnishing. Suitable for various types of hard, resilient, and stone floors.

Properties

PROPERTY	VALUE
Grit	3000
Thickness	1"/2.54cm
Weight	11 osy 373 gsm(without impregnation)
Fiber Type	100% recycled polyester and natural hair
Binder Application	Spray
Abrasive Application	Spray
Abrasive	Industrial diamond grit
Color	Green
Pack	5 per case

Construction

Made of 100% recycled natural hair and fiber and 100% water based latex resins. Floor pads are designed to be used on one side. Open construction resists loading and clogging.

Packaging and Marking

Each carton shall be labeled to identify the contents by product name, size, quantity and manufacturer. Each pad shall be printed with the product name.

Applications

Designed for daily maintenance, cleaning, polishing and burnishing with auto-scrubbers, single-disc machines, orbital floor machines, high-speed burnishers, and AMR cleaning robots. Recommended for terrazzo, polished concrete, homogeneous ceramic tile, LVT, VCT, linoleum, rubber, epoxy, waxed wood, marble, limestone, artificial stone, and granite. Best suited for floors already in good condition where regular cleaning, gloss retention, and appearance enhancement are required.

Directions for Use

- Dry mop the floor to reduce the wear to EZshine pad, as well as the floor.
- Mount the EZshine pad on the pad holder. Position the pad so the printed-text side faces toward the machine, and the green working side faces the floor.
- Fill the tank with water. You are now ready to clean the floor.

Environment Commitment

Natural hair and fiber in our pads comes from 100% post-consumer and industrial recycled waste material.

Size Available

From 4"-27" (100mm - 675mm) diameter.
