About Us

Your Trusted Export-Oriented Manufacturer

COMPANY PROFILE

Established 2009 | Guangdong，China | 60,000+ m^2 production base | 60+ export markets

Specialized in aluminum alloy windows, doors, and curtain wall systems with over 17 years of OEM/ODM export experience serving architects, developers, and distributors worldwide.

Integrated manufacturing facility covering profile extrusion, CNC machining, surface treatment (anodizing, powder coating, PVDF fluorocarbon), glass fabrication, and final assembly under one roof.

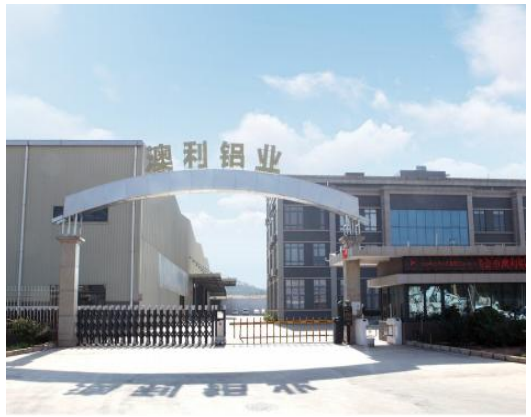

Annual production capacity exceeding 200,000 m^2 of finished products, with 200+ skilled workers. integrates research and development, production, and sales.

Products exported to North America, Europe, Australia, Middle East, Southeast Asia, Africa, and South America — adapting to each market's building codes and design preferences.

OUR HISTORY

17+ years of continuous growth from domestic supplier to global export partner

2009
Founded

A standard aluminum profile factory was established. The brand "Aolijie" was founded, dedicated to producing industry-leading standard aluminum profiles.

2009-2016
Global Certifications

Our product has expanded to include aluminum doors and windows, and we have obtained international certifications for multiple series such as NFRC, CSA, AS2047, and CE.

2017-2020
Expansion

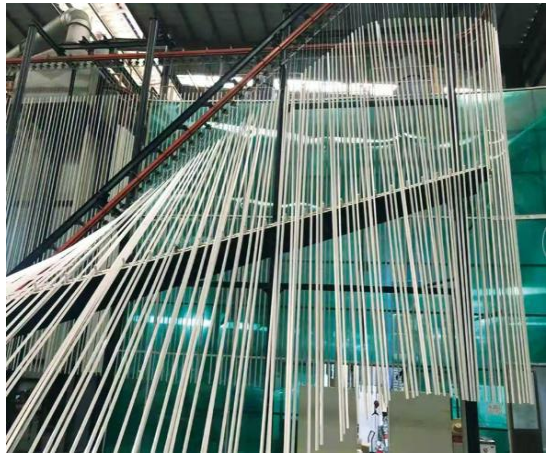

Due to positive market feedback, we invested in the construction of a 100000 square meter factory in 2017, increasing our annual output to 100000 sets.

2021-PRESENT
Scale up

Expanded to 60+ export countries, we have served over 100,000 families with our window and door solutions.

OUR FACTORY

Integrated production base with 6 specialized workshops and automated equipment sets

Profile Extrusion

12 aluminum extrusion presses producing 6063 / 6061 alloy profiles in-house for full material traceability

CNC Precision Machining

Automated stations for cutting, milling, drilling with tolerances within ±0.1 mm.

Surface Treatment

Anodizing, powder coating, PVDF fluorocarbon, electrophoresis, and wood-grain thermal transfer.

Glass Fabrication

Double/triple IGU units with Low-E coating, argon fill, and warm-edge spacer.

Assembly & QC

Climate-controlled assembly hall with 100% inspection before export packaging.

Warehousing & Logistics

Dedicated export warehouse with container loading bay, FIFO inventory management

04

Customer Testimonials

Building sustainable cities for the world.

Your success is our responsibility

05

Why Choose Us

"Aolijie" : your first choice - outstanding Chinese products guided by industry-leading indicators.

Your success is our responsibility

Technical foundation

Own aluminum profile production factory；
The quality of raw materials is controllable；
Mastered aluminum extrusion and precision assembly.

Compliance & Reliability

Obtained the certification requirements expected by various countries. Including NFRC \ CSA \ AS2047 \ CE, etc.

Pre-Sales Engineering

Free shop drawings from your spec within 48 hrs;
technical consultation on local code compliance.

Production & QC

100% in-process inspection;
Final AQL 2.5 pre - shipment check;
Photo/video report sent before container loading.

Logistics Solutions

Logistics Solutions:
EXW / FOB / CIF / DDP terms;
container optimization:
(up to 20% more area per 40'HC vs. industry);
Door-to-door tracking.

Installation Support

Installation Support:
Detailed installation manual + video guides;
on-site supervision available for projects 5,000 m^2+; local agent network.

06

Contact Us

look forward to being your trusted manufacturing partner.
