

# G20

## DESKTOP INKJET PRINTER

### More Reliable Hardware

- › Industrial high performance CPU is used
- › 5-inch capacitive touch display
- › Personalized design of software and hardware
- › Supports external data transfer such as USB
- › Beautiful and portable, stable metal
- › Print switch life more than 200000 times
- › Main board use Antijam electronic component
- › The print engine uses TIJ printer special chip

### More Powerful Software

- › Supports Bluetooth communication
- › Support remote OTA upgrade
- › Supports custom-made boot screen
- › Support GS1, QR Code, Barcode function
- › Powerful droplet consumption algorithm
- › Support dynamic database print function
- › Self developed machine OS system
- › Supports multilingual and handwriting input

# Parameters

- › **Model:** G20 Desktop Inkjet Printer
- › **Print Length:** 10cm
- › **Print Distance:** 2-5mm
- › **Nozzle:** TIJ2.5 Hot Foam Nozzle
- › **Print Height:** 2-12.7mm
- › **Power Supply Parameters:** 16v-1A
- › **Print Accuracy:** 600DPI
- › **External Interface:** USB, Sensor, Foot switch
- › **Operat System:** Machine os
- › **Ink Color:** Red, Yellow, Blue, Green, Black, White, Invisible
- › **Print Content:** Chinese, English, Numbers, Symbols, Pictures, QR Codes, Bar Code, Variable Data
- › **Application Industry:** Board, Carton, Stone, Pipe, Cable, Metal, Plastic, Electronic Devices, Auto Parts
- › **Multi-lingual:** Chinese, English, Russian, French, Japanese, Arabic, Traditional, Korean, Danish, Vietnam, Etc

## APPLICATION
