| No     | Name              | Product Image   | Description   | Price(DDP) | Qty | Unit  | Subtotal   | Note   |
|--------|-------------------|---|---|------------|-----|-------|------------|--|
| 1      | Moutain Byke Tyre |  | DDP cost for 62ctns to US Amazon warehouse<br><br>One Price for everything — Pickup and trucking in China, export paperwork, ocean freight, U.S. customs clearance, and duties. | \$1,508.00 | 1   | units | \$1,508.00 | Insurance covers 100% of goods value until Amazon lists it. Actual compensation depends on actual situation. |
| Total: |                   |   |   |            |     |       | \$1,508.00 |  |

**Note:**

1. Click the text (or paste it into browser) below each image to see extra images in large size.
2. After your latest order, we'll keep your packing materials for 6 six months, and keep the molds for 5 years. After the expiration of such period, we'll assume no liability for the materials and molds if there should be any loss or damage.
3. This quotation is valid only for 7 days maximum. After 7 days, if the buyer has not paid the deposit or the full payment, the sales representative and the buyer need to reconfirm the price of the quotation.If there is a big exchange rate fluctuation of USD to CNY when the buyer pays balance payment, the sales representative will update the price of the quotation and the buyer will pay the balance after the update.

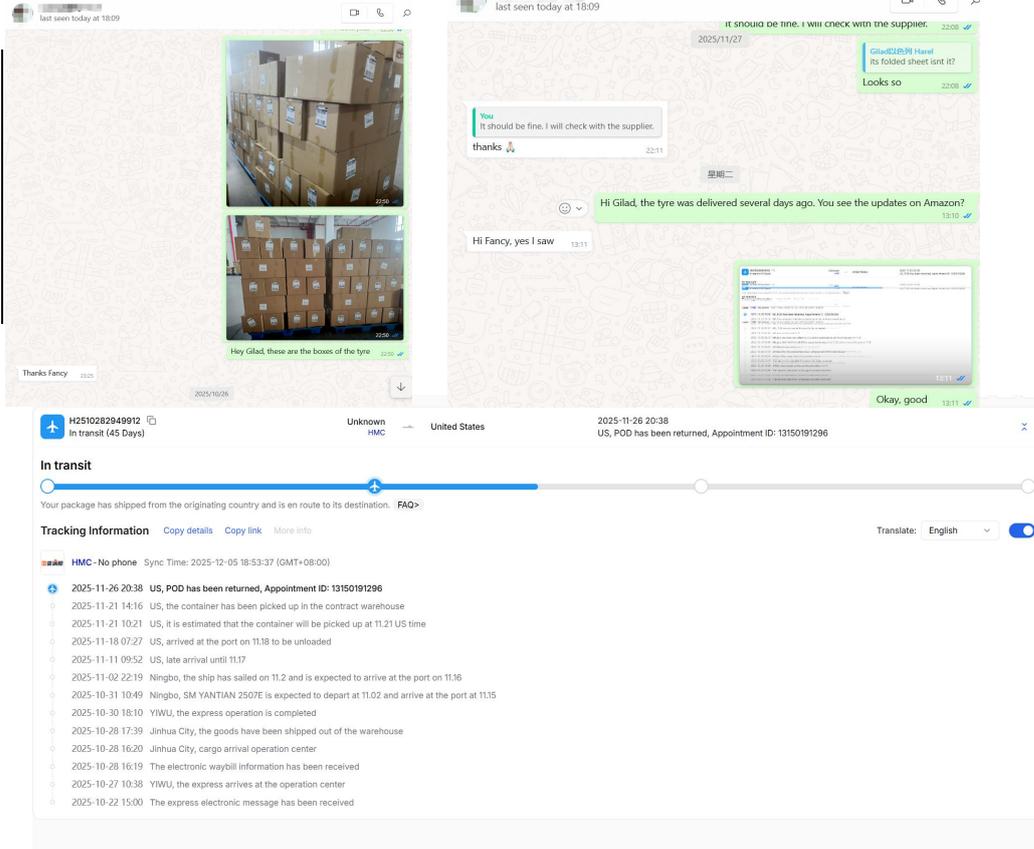

**Payment Term**

100% before shipping.

**Shipping Time**

The merchandise will be received in about 3-60 days, after ETD.

**Order Fulfillment History**

The screenshot displays a chat interface on the left and a shipping tracking page on the right. The chat shows a conversation about product images and delivery status. The tracking page shows the package is 'In transit' with a detailed history of events from Ningbo to the US.
