

ELECTRIC SPIN SCRUBBER

Before you use the appliance, please read this user manual carefully and store it in a safe place for future reference.

Product Description

USB Charging Cable

Corner Round Brush
Suitable for curved surface, 360-degree
no dead angle cleaning

Hard Flat Brush
Large contact area, efficient and quick for
cleaning stains

Pointed Brush
Clean up the dust in the corner gap

Small Flat Brush
Suitable for cleaning stoves in smaller
areas and soap in the bathroom

User Manual

Basic Parameters	
Torque	35 kgf.cm
Voltage	7.4V
Power	84W
Rotation	215 RPM/255 RPM
Battery	60 mins
Weight	930g
Length	29.5 in/40.2 in (75 cm/102 cm)
Adjustable Heads	0-80°
Noise	<70 dB

Unable to charge	Charging indicator lights are off. Please check if the USB cable is well inserted.
Brush assembly	If the brush head doesn't work or takes off during using, please check if the brush head is well inserted.
Doesn't work after power on	Please check if it's in charging status. Unplug the USB cable and restart it.
Stop working	If it stops working suddenly, please restart it or check if the battery capacity is sufficient.

Hazardous Material Contents and Names

Parts name	Hazardous Material					
	Lead (Pb)	Mercury (Hg)	Cadmium (Cd)	Hexavalentchromium (Cr(VI))	Polybrominated biphenyl(PBB)	Polybrominated biphenyl enters (PBDE)
Circuit board	X	o	X	o	o	o
Shell	o	o	o	o	o	o
Battery	X	o	o	o	o	o
Brushes	o	o	o	o	o	o

This table was compiled in accordance with the provisions of SJ/T11364.

○ : indicates the contents of the hazardous material in one homogeneous material of the part were all below the limited standard of GB/T26572.

× : indicates the contents of the hazardous material in one homogeneous material of the part were above the limited standard of GB/T26572.

(All the parts which were marked with "×" were all reached RoHS standard, or the hazardous material cannot be replaced because of global technical limitations.) (This table indicates these hazardous materials exist in the product, but not all above parts in the packed product.)

The environmental using period of the rechargeable battery is 5 years.
